"Wherever you go, go with your heart." Every adventure enthusiast who has a passion for travel and trekking surely has heard about Nepal. It holds a great amount of naturally preserved isolated trekking trails and routes which attract thousands of traveler each year. Just like that, **Mt. Everest** is beyond doubt the first thing that comes to one's mind when they think about Nepal. Within the second day of our trek, the dream for Everest View will come true when the weather is clear. Hence to those who have very less time but wish to see the glorious Mt. Everest, we offer them with our **Everest View Trek** package. Beginning with a short lovely flight away from the Kathmandu city, we fly to **Lukla** town which is considered to be the gateway to Khumbu/Everest Region over-all. After landing in Lukla, Tenzing-Hillary Airport, we collect our luggage and meet up with our remaining trekking crews. After a small break with tea/coffee we start to move. Further on, we take our first ever steps in the heartland of the Everest region and walk enjoying the view of forest, mountain, and the surrounding greenery to reach **Phakding** village within 3 hours. The following day, we shall walk along beautiful forest trails filled with blossoming rhododendron and pine trees. Then we cross several suspension bridges, it might be an amazing adventure as they hang high above the strong flowing river current of **Dudhkoshi** river. Fluttering Buddhist prayer flags and Mani walls along with the stunning view of the Himalayan mountains help us reach **Namche Bazaar**. Today we can see the first view of Mt. Everest from Top Danda which is located just before the Namche Bazaar. Namche is also known as the unofficial capital of Sherpa people. Namche Bazaar is easily the most known place by tourists after Lukla. It hosts numerous lodges, hotels, restaurants, bakery shops, bars, and trekking shops for foreign trekkers to indulge themselves with either after completing their trek or to begin their trek further ahead to **Everest Base Camp**. We shall stay in Namche Bazaar for acclimatization and then after heading to **Khumjung** village. You can visit a monastery and school established by the famous mountaineer named Edmund Hillary

in Khumjung. Additionally, Khumjung will be the highest point that we trek during our endeavor to complete our trek. After Khumjung, now we have to start tumbling our way down to Manjo/Banker and then to back Lukla. Although while heading to Lukla, we shall travel the same route. The walk will nonetheless be more impressive as we are taking our last steps in [The Everest Region](#). With a culminating feeling of experiencing a joyous trek, we reach Lukla, overnight there and then take a flight back to Kathmandu the next day. Those who wish to experience this exhilarating trek in the popular Everest region of eastern Nepal should need to be properly healthy as we are going to be traveling above the high altitude of 3,000 meters. Commonly, the seasonal time periods between March to May and September to November are considered to be the finest time for this trek.
