“The best way to get to know the place you are traveling in is to walk around.” Attracting thousands of travelers and explorers from various nations across the world, Nepal is a place of extreme natural, cultural, historical and religious diversity which simply can’t be found anywhere else in the world. Therefore, we offer our Kathmandu Pokhara Bandipur Tour package which can be joined in by travelers who have less time to explore Nepal. Starting off with a lovely sightseeing tour around the Kathmandu valley, you get to explore the fascinating Boudhanath and Swayambhunath stupas along with a visit to the holy Hindu shrine of Pashupatinath temple. Not stopping there, you even get to visit the historically significant Kathmandu Durbar Square. Next stop is Pokhara city where the scenic views of the Himalayan mountains fill up your vision throughout your entire staying period. You can go boating around the Phewa Lake and explore the pleasing streets before heading towards Bandipur. Largely famous for being an ancient Newari town, Bandipur is a place between Kathmandu & Pokhara that simply must be visited in order to learn a one or two about Nepalese history. Our [Kathmandu Pokhara Bandipur](#) Tour is one of the best tours for the cultural, scenery and Himalayan ranges' view.
